SENATOR HOAR DEMANDS LIBERTY FOR FILIPINOS.

WASHINGTON, May 22.—Senator George F. Hoar, of Massachusetts, spoke in the Senate today on the Philippines Government bill.

Mr. Hoar maintained that this country is not at war. "You are fighting for sovereignty," he said. "You are fighting for the principle of eternal dominion over that people, and that is the only question in issue in the conflict."

Mr. Hoar said he was to discuss and denounce what seemed to him one of the most wicked and foolish chapters in history, yet he was compelled to admit, he said, that the men who were responsible for it were neither wicked nor foolish.

Senator Hoar said he had sacrificed nearly 10,000 American lives and \$600,000,000 in the attempt to subjugate the Philippines.

In Cuba and the Philippines. "What have your ideals cost you?" he asked. "What have they brought for you?" he asked.

"For the Philippines Islands you have had to repeat the Declaration of Independence; for Cuba you have had to reaffirm it and give it new lustre."

"For the Philippine Islands you have had to convert the Monroe Doctrine into a doctrine of mere selfishness; for Cuba you have acted on it and vindicated it."

"In Cuba you have got the eternal gratitude of a free people; in the Philippine Islands you have got the hatred and silent submission of a subjugated people."

"From Cuba you have brought home nothing but glory; from the Philippines you have brought home nothing of glory."

Soldiers Not to Blame. Referring to the cruelties committed in the Philippines, Mr. Hoar said he believed the American soldiers were as brave and humane as ever lived. They had done simply what always would be done in like conditions. The chief guilt was upon the heads of those who created the conditions.

After reviewing briefly the capture of Aguinaldo by Gen. Funston, the method of which he harshly criticized, Mr. Hoar expressed the belief that they were unknown to President Roosevelt and I know they were unknown to President McKinley.

He denounced the order alleged to have been given by Gen. Smith, and laid particular stress upon the horrors of the reconcentration camps, which he likened to the dreadful scenes in Andersonville prison during the civil war.

He demanded that these things cease and that the Administration declare on what eternal principles it would act in the Philippines.
